*Data are the number of offenses known to Wisconsin law enforcement agencies and reported under the Uniform Crime Reporting Program.*

*CRIME INDEX OFFENSES are Violent Crimes and Property Crimes. VIOLENT CRIMES are murder and nonnegligent manslaughter, forcible rape, robbery and aggravated assault. PROPERTY CRIMES are burglary, theft, motor vehicle theft and arson for 1980 and 1979. Arson data were not collected on a regular basis prior to 1978.*

## CRIME INDEX OFFENSES AND VIOLENT CRIMES
WISCONSIN
1980

**DEFINITION:** CRIME INDEX OFFENSES are murder and nonnegligent manslaughter, forcible rape, robbery, aggravated assault, burglary, theft, motor vehicle theft and arson. Attempts are included (an attempted murder is classified as an aggravated assault). VIOLENT CRIMES are murder and nonnegligent manslaughter, forcible rape, robbery and aggravated assault.

One crime is counted for each victim of a murder, forcible rape or aggravated assault. One crime is counted for each distinct operation in the case of a robbery, burglary, theft or arson. One motor vehicle theft is counted for each motor vehicle stolen or subjected to an attempted theft. Both crimes are counted when arson occurs in conjunction with another Crime Index Offense.

**ATTEMPTING OTHER ARRESTS is defined as arrests during situations other than robbery matters, burglary matters, disturbance calls, civil disorders or traffic matters.*

## GLOSSARY

ADULT: A person 18 years of age or older.

ARREST: Taking into physical or other legal custody for committing an offense in the local reporting jurisdiction. Arrests for all criminal offenses are scored. Arrests for ordinance violations are included. Arrests for traffic offenses, with the exception of driving under the influence, are not scored. Included are those persons released without having been formally charged. (See Juvenile Arrest)

ARREST RATE: The number of arrests for a particular offense, or group of offenses, per 100,000 population. The formula is:

$$\frac{\text{Number of Arrests}}{\text{Population}} \times 100{,}000.$$

CLEARANCE (BY ARREST): An offense is cleared, or solved for crime reporting purposes, when at least one person is arrested, charged with commission of the offense and turned over to the court for prosecution.

CLEARANCE (EXCEPTIONAL): An offense is cleared exceptionally if ALL of these four questions can be answered "YES":

- Has the investigation definitely established the identity of the offender?
- Is there enough information to support an arrest, charge and turning over to the court for prosecution?
- Is the exact location of the offender known so that he could be taken into custody now?
- Is there some reason OUTSIDE the control of law enforcement that prevents his arrest, charging and prosecution?

CLEARANCE RATE: The number of clearances divided by the total number of offenses, expressed as a percent. The formula is:

$$\frac{\text{Number of Clearances}}{\text{Number of Offenses}} \times 100\%.$$

Offenses are reported as they become known to law enforcement agencies. Clearances are scored as they are made. Therefore, it is possible for the clearance rate to exceed 100 percent for a time period. Both clearances by arrest and exceptional clearances are included.

CRIME RATE: The number of offenses per 100,000 population. The formula is:

$$\frac{\text{Number of Offenses}}{\text{Population}} \times 100{,}000.$$

INJURY (OF OFFICER): A slight injury (sprain, bruise, etc.) is sufficient for an assault on an officer in the line of duty to be classified as one with "injury".

JUVENILE: A person under 18 years of age.

JUVENILE ARREST: Juveniles are scored as having been "arrested" for purposes of Uniform Crime Reporting procedures, although under Wisconsin Statutes law enforcement custody of a child shall not be legally considered an arrest. Arrests, in the case of juveniles, include those who have committed a crime and are taken into custody under circumstances such that were the juvenile an adult, an arrest would be scored. All violations by juveniles where some police or other official action is taken beyond a mere admonishment are included. Law enforcement contacts with juveniles where no offense has been committed are not scored as arrests. Juveniles taken into custody for their own protection, such as in neglect cases, are not scored as being arrested if they have not committed a crime. (See Arrest)

JUVENILE INVOLVEMENT IN CLEARANCES: The number of clearances involving exclusively juveniles divided by the total number of clearances, expressed as a percent. The formula is:

$$\frac{\text{Number of Clearances Involving Only Juveniles}}{\text{Number of Clearances}} \times 100\%.$$

PERCENT CHANGE: The formula is:

$$\frac{\text{Value in Current Period} - \text{Value in Base Period}}{\text{Value in Base Period}} \times 100\%.$$

POPULATION: Total based on 1980 Census, with a separate estimate for juveniles.

Care should be exercised in making comparisons of the data in this report with the data contained in previous annual reports. Adjustments may be required due to the following reasons:

- Shifting of a law enforcement agency from one population category to another based on annual re-estimation of the jurisdiction's population.
- On occasion, the Federal Government designates an additional Wisconsin County as being included in a Standard Metropolitan Statistical Area. This shifts a Sheriff's Office from the Rural Areas Category to the suburban Sheriffs' group and shifts the cities within the county from Non-Suburban Cities to Suburban Cities.
- Populations are estimated for non-Census years, as well as for juveniles for 1980. 1980 juvenile populations are not comparable with preceding years due to different estimation procedures.
- 1980 figures include the Department of Natural Resources as a Direct Reporter.
- 1980 figures include all Universities in the "Cities Under 5,000 Population" Category. Previously, Universities were assigned to population categories based on their enrollments.

Assistance in report interpretation, or more detailed information, may be secured by contacting the Crime Information Bureau.
